1.0 PURPOSE

The intent of this Request for Proposals and resulting contracts is to obtain services to address specific needs of welfare recipients, in accordance with the State of New Jersey TANF Work Verification Plan. Recipients of Temporary Assistance for Needy Families (TANF) and General Assistance (GA) often face a myriad of challenges to integrating into the workforce. Many recipients require a safe environment that will allow them to begin to build the skills necessary to obtain and retain unsubsidized employment and to ultimately reduce their dependence on TANF assistance. These individuals also often require a support network to successfully navigate this significant transition.

The State of New Jersey and Camden County have identified funds for a variety of skill building and supportive services to ensure the success of welfare recipients. The primary purpose of the services requested under this RFP is to get the participant into an activity leading to employment and keeping them in the activity until either the participant becomes employed or starts in a next assigned activity.

Camden County also recognizes that its non-English speaking residents face distinct barriers. Many are first-generation, and they have limited English proficiency. These non-English speaking individuals are now in an environment where employers prefer English speakers. Also, many foreign-born individuals are not adept at navigating the systems within which the general population

navigates. These barriers are extremely challenging.

Camden County is seeking proposals for services in the following four categories:

1. Community Work Experience Program (CWEP) with Basic Skills Training that will prepare the person to obtain and retain a subsidized or unsubsidized job in a demand occupation. The TANF program should be designed to provide full-time, countable work activities as prescribed for at least three months and be extended at no additional cost for up to a total of six months. The GA program should be designed to provide full-time, countable work activities for 35 hours per week for at least three months and be extended at no additional cost for up to a total of six months. Referrals must be accommodated on a same day/next day basis.
 - The TANF CWEP component must be in a not-for-profit environment and be for a minimum of 25 hours of CWEP only activity per week. The required number of CWEP hours shall NOT be exceeded. The GA CWEP component must be in a not-for-profit environment and be for a maximum of countable hours of CWEP only activity per week as prescribed. The prescribed required number of CWEP hours shall NOT be exceeded.
 - The second component is intensive short term job skills training connected directly to entry level employment to be provided for 10 hours per week. It may include remedial Adult Basic Education skills (ABE), Vocational Skills, suitable to meet the needs of an employer, or English as a Second Language skill (ESL), if the person requires assistance to meet the threshold for the intended job, and grade levels are anticipated to be below 4th grade for many participants.
 - The vendor will be required to provide daily onsite CWEP supervision.
 - All services should be provided in close physical proximity to each other. The ideal vendor will house the CWEP and other services together in every facility used.
 - All CWEP training sites will require a formal Camden County/NJ Labor & Workforce Development (LWD) Worksite Agreement.
 - If the CWEP site is not sponsored by the proposing agency, then there will need to be a Memorandum of Understanding that the CWEP Agency will have sufficient CWEP slots to meet daily requirements.
 - The primary program outcome is full-time 35 hour per week paid employment or sufficient earnings to close the cash grant. The provider must ensure that every participant is registered with Job Source and is regularly accessing job leads through an active email account.
2. Community Work Experience Program (CWEP) with Occupational Skills Training that will prepare the person to obtain and retain a subsidized or unsubsidized job in a demand occupation. The program should be designed to provide full-time, countable work activities for 35 hours per week for at least three months and be extended at no additional cost for up to a total of six months. Referrals must be accommodated on a same day/next day basis.

- The TANF CWEP component must be in a not-for-profit environment and be for a minimum of 25 hours of CWEP only activity per week. The required number of CWEP hours shall NOT be exceeded. The GA CWEP component must be in a not-for-profit environment and be for a maximum of countable hours of CWEP only activity per week as prescribed. The prescribed required number of CWEP hours shall NOT be exceeded.
 - The second component is occupational skills training connected directly to entry level employment to be provided for 10 hours per week. It may include remedial Adult Basic Education skills (ABE), Vocational Skills, suitable to meet the needs of an employer, or English as a Second Language skill (ESL). The goal of this program is to include gains in measurable workplace competencies. This includes:
 - Training and education that focuses on the job skills necessary or required by an employer to provide the individual with the ability to obtain employment, or to advance or adapt to the changing demands of the workplace;
 - Promoting basic skills for high school graduates including English as a Second Language (ESL), computer and workplace literacy, (i.e., customer service, basic computer skills, etc.); and
 - Work values, occupational and transferable skills, personal career portfolio development, and other skills necessary to become prepared for employment.
 - The vendor will be required to provide daily onsite CWEP supervision.
 - All services should be provided in close physical proximity to each other. The ideal vendor will house the CWEP and other services together in every facility used.
 - All CWEP training sites will require a formal Camden County/NJ Labor & Workforce Development (LWD) Worksite Agreement.
 - If the CWEP site is not sponsored by the proposing agency, then there will need to be a Memorandum of Understanding that the CWEP Agency will have sufficient CWEP slots to meet daily requirements.
 - The primary program outcome is full-time 35 hour per week paid employment or sufficient earnings to close the cash grant. The provider must ensure that every participant is registered with Job Source and is regularly accessing job leads through an active email account.
3. Community Work Experience Program (CWEP) with English as a Second Language (ESL) Training that will prepare the person to obtain and retain a subsidized or unsubsidized job in a demand occupation. The program should be designed to provide full-time, countable work activities for 35 hours per week for at least six calendar months. Referrals must be accommodated on a same day/next day basis. All enrollments must occur no later than June 30, 2024 to allow for final contract billing no later than November 30, 2024.

- The TANF CWEP component must be in a not-for-profit environment and be for a minimum of 25 hours of CWEP only activity per week. The required number of CWEP hours shall NOT be exceeded. The GA CWEP component must be in a not-for-profit environment and be for a maximum of countable hours of CWEP only activity per week as prescribed. The prescribed required number of CWEP hours shall NOT be exceeded.
- The second component is English as a Second Language skill (ESL) training to be provided for 10 hours per week.
- The vendor will be required to provide daily onsite CWEP supervision.
- All services should be provided in close physical proximity to each other. The ideal vendor will house the CWEP and other services together in every facility used.
 - All CWEP training sites will require a formal Camden County/NJ Labor & Workforce Development (LWD) Worksite Agreement.
 - If the CWEP site is not sponsored by the proposing agency, then there will need to be a Memorandum of Understanding that the CWEP Agency will have sufficient CWEP slots to meet daily requirements.
- The primary program outcome is full-time 35 hour per week paid employment or sufficient earnings to close the cash grant. The provider must ensure that, by the end of the fourth calendar month, every participant is registered with the current, State-approved job search website and is regularly accessing job leads through an active email account.
- 4. Clothing Assistance Services for customers entering the job market. The vendor will provide each referral with at least one outfit, suitable for job interviewing, including appropriate garments and accessories. An additional outfit is allowable with scheduled unsubsidized employment.

Vendors responding to this Request for Proposals should have extensive experience and a knowledgeable background and qualifications in the provision of the services described herein. The Vendors proposing to provide CWEP services must demonstrate sufficient capability to provide, on a next day basis, actual Community Work Experience positions equal to the potential for referrals and must have an approved Camden County/NJ LWD Worksite Agreement.

Vendors responding to this RFP must enclose any participant program entry requirements, if any, and accept all viable referrals.

For TANE: Strict daily attendance record keeping for CWEP and related activities will be required and monitored for each participant. Daily attendance records will show customer sign in and out with times and dates and supervisor/instructor certification. Summary data will be verified against original daily attendance sheets signed by the customer and vendor.

Attendance summaries of actual hours attended will be reported using County certified (State approved) daily time and attendance forms and e-timesheet technology. Vendors providing activities must have the technological capability to utilize Microsoft Excel based e-timesheets and timely execute e-time sheet transmissions for participants as required by the State of New Jersey. Vendors must also maintain Camden County Certified Daily Time and Attendance Forms for both work activity (CWEP) and training activity (BREM) separately (attached).

Technical assistance and training for vendors concerning e-time sheet execution will be provided to contractors. If the timesheet indicates that the customer is not participating according to current local procedures, intervention with the customer must be initiated immediately. The on-site supervisor must report non-compliance immediately to the One-Stop agency that assigned the activity in accordance with current local procedures.

For GA: Strict daily attendance record keeping for CWEP and related activities will be required and monitored for each participant. Daily attendance records will show customer sign in and out with times and dates and supervisor/instructor certification. Summary data will be verified against original daily attendance sheets signed by the customer and vendor. Providers must also maintain Camden County Certified Daily Time and Attendance Forms for both work activity (CWEP) and training activity (BREM) separately (attached).

The Community Work Experience is a work activity performed in return for public assistance that provides an individual with an opportunity to acquire the general skills, training, knowledge, and work habits necessary to obtain employment. This opportunity shall include time required to pursue interviews with potential employers. The purpose of work experience is to improve the employability of those who cannot find unsubsidized employment (Federal definition). The State of New Jersey defines the Community Work Experience as an unpaid work experience and as “a program with employers who agree to provide training opportunities for participants at approved local worksites. Sponsorship is limited to non-profit agencies, such as federal, local, State government and not-for-profit community based employers. CWEP activity is limited to public service projects in fields such as health social services, environmental protection, education, urban and rural development, and/or redevelopment, welfare, recreation, public activities, public safety, and child and adult care (for the public good). This activity must be supervised on an ongoing basis no less frequently than daily” (source: NJ TANF Work Verification Plan). 3.0 COMPLIANCE WITH LAWS

The successful vendor(s) shall comply with all applicable federal, state and local statutes, rules and regulations, as well as the standard assurances and certifications of the NJLWD.

Proposals will be funded through the State of New Jersey Department of Labor and Workforce Development's Work First New Jersey funds. The Federal government allocates TANF and Food Stamp Employment and Training funds to the States to be used in a manner consistent with US Department of Health and Human Services regulations governing these funds and in coordination with the purpose and intent of the Workforce Innovation and Opportunity Act.

This Request for Proposals (RFP) is in accordance with and governed by The Deficit Reduction Act of 2005, which reauthorized the Federal Personal Responsibility and Work Opportunity Reconciliation Act (PRWORA) of 1996. PRWORA (Public Law 104-193) established the Temporary Assistance for Needy Families (TANF) block grant program. Under TANF, states determine the eligibility of needy families and the benefits and services those families will receive. States must use the TANF funds consistent with the purpose of the law, which contains strong work requirements, time limits assistance, reduces welfare dependency, and encourages two-parent families.

States are required to submit plans for both TANF and WIOA. New Jersey established the Work First New Jersey program, pursuant to the Work First New Jersey Act, Public Law 1997 c.13, .14, c.37 and c.38, N.J.A.C. 10:90-1.1, to build and expand upon the foundation of the basic principles set forth in PRWORA. In turn, the State of New Jersey required local Workforce Development Boards and counties to provide plans for both Work First New Jersey and WIOA.

Proposers must meet the requirements under the US Department of Health and Human Services, the State of New Jersey's TANF Plan, the Camden County Workforce Development Board's Strategic Plan, State of NJ TANF Work Verification Plan, and Work First New Jersey Plans. In addition, successful vendors must work with the CCOSC to ensure that participants meet work activity and other requirements for continuing to receive assistance. Please be advised that changes and/or requirements to the federal and state regulations may be made and that all vendors shall be required to comply with these changes at any time during the contract period.

Jobs for Veterans Act: Priority of Service must be given to any returning veterans and eligible spouses (20 CFR Part 1010).

Camden County expects to have **\$997,500.00** to support Work First New Jersey services for the TANF population and **\$248,500.00** to support Work First New Jersey services for the GA and

GA/SNAP population. The awards under this RFP are subject to the availability and appropriation of sufficient funds. It is the intent of Camden County to fund multiple proposals for the reasons mentioned previously. Camden County will enter into a hybrid contract with Providers who are awarded contracts. Each service category has a mandatory maximum cost per participant.

To ensure the best utilization of limited funding, all selected vendors will have 75% of total funding available through cost reimbursement. The remaining 25% of total funding will be earned through performance benchmarks.

Example:

- . Contract for \$100,000
- . 75% (\$75,000) available through cost reimbursement.
- . 25% (\$25,000) earned through Performance Benchmarks.

Failure to enroll during the initial funding period (first 25% of contract time) will require an immediate, written corrective action plan, subject to approval, and no payments will be processed. The WDB and the County reserve the right to decrease or terminate the total contract at this time.

Contract enrollments in excess of LOS are permitted and benchmarks will be honored up to the contract amount and vendor expenditures. In no event shall total reimbursement (cost reimbursement plus benchmark payments) exceed actual expenditures.

A Certified Monthly Expenditure Report shall be submitted monthly throughout the duration of the contract by the 10th working day of the following month to Fiscal Manager, Camden County One-Stop, 101 Woodcrest Road, Suite 127, Cherry Hill, NJ 08003.

MIS will send monthly level of service reports for each contract/vendor by the end of every month; reports will include cumulative data through the prior month submissions. Vendors are required to validate the data against existing records and report discrepancies to MIS within one week of receipt.

Mid-Year Reviews – Prorated total benchmark attainment (not just LOS) **and** expenditures will determine compliance. If expenditures are below 50%, any or all subsequent (remaining) increments may be deemed unattainable. Percentage utilization of funds must be consistent with percentage of contract term completed.

Should grant funds be available, the County reserves the right to award additional slots at the Vendor's request, provided the Vendor is in compliance with the terms of the awarded agreement. The amount of additional slots in no instance shall exceed 25% of the original level of service.

Proposers may submit a single proposal for more than one component. However, a separate budget must be submitted for each component. Proposers who are recommended for award of more than one component will be required to submit additional budget documentation reflecting projected costs and cost allocation to the separate component programs.

The specific unit cost, anticipated levels of service, performance requirements and payment benchmarks for each service being solicited under this RFP are further defined within each service component described within this RFP request.

Note: The County reserves the right to negotiate with any or all vendors meeting the evaluation criteria set forth herein. Negotiations will be conducted in accordance with the County's Request for Proposals policy.

Furthermore, the Contractor expressly understands and agrees that the provisions of this indemnification clause shall in no way limit the Contractor's obligations assumed in this agreement, nor shall they be construed to relieve the Contractor from any liability, nor preclude the Owner from taking any other actions available to it under any other provisions of this agreement or otherwise at law.
