**PART I
Instructions To Vendors**

This is a 47 page document, plus attachments. Please be sure to read each and every page, including, without limitation, all attachments.

Please note: the terms “firm”, “provider”, “contractor”, “proposer”, “vendor” and “respondent” may be used interchangeably throughout this document.

1.0 PURPOSE

The intent of this Request for Proposals (RFP) and resulting contracts is to obtain innovative youth development and follow-up services for WIOA out-of-school youth in Camden County (County) for the period July 1, 2023 through June 30, 2024. The Anticipated Level of Service for all programs under this RFP is a minimum of 85 youth based on a maximum unit cost of \$6,000.00 per youth with the Total Available Funds expected to be approximately \$510,000.00. The awards under this RFP are subject to the availability of funds during the contract period.

The Workforce Innovation and Opportunity Act (WIOA) incorporates youth program best practices that emphasize the need for comprehensive, longer term youth development services - services that address the development of the entire individual through activities such as education, mentoring, community service, leadership and team building skills.

The Camden County Workforce Development Board (WDB) and Camden County fully support this shift in emphasis to longer term programs and best practices. As such, this RFP seeks proposals that offer youth development services based on recognized best practices that not only support and prepare youth for success in employment and improved educational achievement but also, through intensive service strategies, have a long-term impact on a youth’s future as members of both the community and the workforce, in accordance and compliance with the Workforce Innovation and Opportunity Act.

The Camden County WDB Systems Performance Committee has determined that there is a need to ensure that every youth has the opportunity to pursue longer term educational development to enhance future employability. To that end, the WIOA youth contracts will emphasize the attainment of the High School Diploma/equivalency, coupled with either:

1. Entrance into a post-secondary education program; or
2. Entrance into a registered apprenticeship program; or
3. Employment at a minimum of 20 hours per week.

Providers will be selected through a competitive proposal process established by the Camden County Workforce Development Board and Camden County. Emphasis will be placed on Providers who demonstrate creative and innovative strategies that promote and support an individual’s skill development and permanent transition into unsubsidized employment or advanced training. Camden County reserves the right to consider prior program performance. Factors to be considered include enrollment levels/LOS, benchmark attainment, and fund usage.

Any nonprofit or private-for-profit organization(s) may apply to be awarded funds through this RFP. Vendors responding to this RFP must have a knowledgeable background and extensive experience in working with out-of-school youth targeted populations and have significant qualifications in the provision of services as described herein.

Should grant funds be available, the County reserves the right to award additional slots at the Vendor's request, provided the Vendor is in compliance with the terms of the awarded agreement. The amount of additional slots in no instance shall exceed 25% of the original level of service.

Any and all additional amounts are subject to availability of funds and may be subject to Commissioner approval.

Camden County reserves the right not to award a contract for services in program year 2023 or to award a contract for services in program year 2023 at a later date.

Based upon fund availability and vendor's level of performance, contracts may be awarded for a second term/program year, from July 1, 2024 through June 30, 2025, with modifications. Exercise of this option is at the sole discretion of Camden County and the Camden County Workforce Development Board.

Despite any language contained herein to the contrary, this Request For Proposals does not constitute a bid and is intended solely to obtain competitive proposals from which the County may choose a contractor(s) that best meet(s) the County's needs. It is the County's intent that no statutory, regulatory, or common law bidding requirement apply to this Request For Proposals. The County intends to award this contract pursuant to N.J.S.A. 40A:11-5(1)(c).

Official County RFP documents are available from the County as described herein at no cost to the vendor. Potential proposers are cautioned that they are proposing at their own risk if a third party supplied the RFP document that may or may not be complete. The County is not responsible for third party supplied RFP documents.

2.0 BACKGROUND INFORMATION

The WDB provides coordination and oversight of all "to-work" activities in Camden County as defined under federal and state regulations and in New Jersey's Executive Order 36. The WDB, in accordance with the Workforce Innovation and Opportunity Act, has established a Youth Investment Council (YIC) to plan youth workforce activities, coordinate local youth services, and establish standards for youth programs.

The specific extent and character of the specified services to be performed shall be subject to the general control and approval of the Camden County Workforce Development Board.

The WDB's Systems Performance Committee will provide all fiscal monitoring and the Youth Investment Council (YIC) will provide additional program oversight. These committees will conduct ongoing evaluation on the quality of the youth programs and services being implemented under WIOA funds.

This RFP is soliciting services for one contract period:

Youth services may begin July 1, 2023. All participants must be enrolled prior to June 30, 2024.

All services, except follow-up must be completed (as defined in this RFP) and documented by

March 31, 2025. Follow-up services will be provided on a quarterly basis for twelve (12) months and must begin in the quarter after the last date of service during the enrollment period. Follow-up must continue for each quarter after exit and include at least one of the following services in each quarter: Supportive Services; Adult Mentoring; Financial Literacy; Labor Market Information; and/or Activities that help youth prepare for and transition to post-secondary education and training.

Camden County intends to identify more than one Provider in order to insure that the diverse needs of the population are addressed and there is reasonable geographic access for all County residents.

3.0 COMPLIANCE WITH LAWS

The successful vendor(s) shall comply with all applicable federal, state and local statutes, rules and regulations governing WIOA Youth programs and allowable costs, as well as the standard assurances and certifications of the NJLWD.

Camden County anticipates having available about \$510,000.00 in WIOA Youth funds for the stated purposes and contracts to be awarded under this RFP. Since the County of Camden has not received the requisite Notice of Obligation prior to the release of this RFP, the awards under this RFP are therefore subject to the availability and appropriation of sufficient funds in each year in which it is to take effect, in accordance with the provisions of N.J.S.A. 40A: 11-15.

WIOA rules require that at least 75% of these funds must be spent on out-of-school youth. ***Camden County is soliciting proposals for WIOA Out of School Youth only.*** Contracts will be for the period of July 1, 2023 through June 30, 2024. In no case will the contracted Unit Cost exceed \$6,000 per youth.

To ensure the best utilization of limited funding, all selected vendors will have 75% of total funding available through cost reimbursement. The remaining 25% of total funding will be earned through performance benchmarks.

Example:

- . Contract for \$100,000
- . 75% (\$75,000) available through cost reimbursement.
- . 25% (\$25,000) earned through Performance Benchmarks.

Failure to enroll during the first 25% of contract time will require an immediate, written corrective action plan, and no payments will be processed. The WDB and the County reserve the right to decrease or terminate the total contract at this time.

Contract enrollments in excess of LOS are permitted and benchmarks will be honored up to the contract amount and vendor expenditures. In no event shall total reimbursement (cost reimbursement plus benchmark payments) exceed actual expenditures.

A Certified Monthly Expenditure Report shall be submitted monthly throughout the duration of the contract by the 10th working day of the following month to Fiscal Manager, Camden County One-Stop, 101 Woodcrest Road, Suite 127, Cherry Hill, NJ 08003. In no event shall total reimbursement (cost reimbursement plus benchmark payments) exceed actual expenditures.

Voucher requests for payment must be made within 30 days of actual benchmark attainment and include all required documentation. Seventy-five percent (75%) of the contract cost must be **expended** by June 30, 2024. Compliance in meeting the June 30, 2024 expenditure rate will be measured at the close of December 2023 and March 2024. Failure to be in compliance may require de-obligation of any or all subsequent funds from the vendor's contract.

The remaining twenty-five percent (25%) of the contract cost must be **expended** by March 31, 2025. Compliance in meeting the March 31, 2025 expenditure rate will be measured at the close of June 30, 2024. If expenditures are out of compliance, any or all subsequent (remaining) increments may be deemed unattainable.

Percentage utilization of funds must be consistent with the pro-rata percentage of contract term completed.

Emphasis on Work-Experience: At least 20 percent of WIOA Youth program funds must be used for work experiences, such as summer and year-round employment, pre-apprenticeship, on-the-job training, or internships and job shadowing.

Federal WIOA regulations require that participating youth receive 12 months of follow-up activities. This follow-up and all State and Federal reporting requirements must be completed within one year of the participants' completion date, as defined in this RFP, with reports submitted quarterly to CCOS MIS Unit.

If subcontractors are to be used, the vendor must submit, with the proposal, a copy of a complete executed agreement with the subcontractor that identifies the exact scope of duties and costs of services for each subcontractor.

Credential Attainment and Measurable Skills Gain: Guidance related to Credential Attainment and Measurable Skills Gain Indicators of Performance can be found in New Jersey Workforce Innovation Notice (NJ WIN) 8-17(P). A copy of this notice is included in the RFP package.

Jobs for Veterans Act: Priority of Service must be given to any returning veterans and eligible spouses (20 CFR Part 1010).

Note: The County reserves the right to negotiate with any or all vendors meeting the evaluation criteria set forth herein. Negotiations will be conducted in accordance with the County's Request For Proposals policy.

- m) Services that provide labor market and employment information in-demand industry sectors or occupations available in the local area, such as career awareness, career counseling, and career exploration services; and

Services shall also include objective assessment of academic levels, skill levels and service needs of each participant and development of Individual Services Strategies based on the assessments.

Providers are advised that WIOA eligibility requirements will be enforced. Providers shall submit all required documentation necessary for WIOA youth eligibility determination to the One-Stop. A youth must be determined to be eligible by the One-Stop in writing prior to any enrollment or provision of services necessary to determine if the youth meets provider established standards for enrollment in the program.

The specifications for the provision of youth services include the following:

- Youth services may begin July 1, 2023. All participants must be enrolled prior to June 30, 2024. All services, except follow-up must be completed and documented by March 31, 2025. Follow-up services must be provided on a quarterly basis for twelve (12) months and must begin in the quarter after the last date of service during the enrollment period. Follow-up must continue for each quarter after exit and include at least one of the following services in each quarter: Supportive Services; Adult Mentoring; Financial Literacy; Labor Market Information; and/or Activities that help youth prepare for and transition to post-secondary.

- Any participant enrolled on or before June 30, 2024 shall complete their services under the agreement incorporating this RFP by reference and shall not be considered part of any future agreement.

- All youth must register with the current, State-approved job search website and must regularly access job leads through an active email account.

PERIOD OF PERFORMANCE

Services will cover all enrollments beginning July 1, 2023. All participating youth must complete the program and transition into follow-up services by March 31, 2025. Twelve months of follow-up activities must be completed by June 30, 2025. The Workforce Development Board reserves the right under this RFP, pursuant to N.J.S.A. 40A: 11-5, to extend and/or renew the service(s) under the awarded contract for an additional term.

E-TIME REQUIREMENTS for TANF PARTICIPANTS

Mandatory TANF participants aged 20-24 must participate in a 35 hour per week countable activity. The Contractor shall be responsible for entering E-time from certified time and attendance records. Technical assistance and training for vendors concerning e-time sheet execution will be provided to contractors. It is the vendor's responsibility to retain time and attendance documentation for one year following the expiration of the contract, at which time such documentation shall be returned to the CCOS Fiscal manager.

PERFORMANCE REQUIREMENTS

The Contractor will provide services through a partnership with the Camden County One Stop Career Center (CCOSCC), the Camden County One-Stop (CCOS or One-Stop) System, and the Camden County Fiscal Agent (Fiscal Agent). Failure to sustain a cooperative relationship with the parties for the purpose of serving the participants may be cause for immediate Agreement termination.

The Camden County WDB has identified the following program performance targets and their minimum standards. They are focused on assisting youth to obtain employment and/or remain engaged in educational activities.

The listed Performance Requirements and Targets are subject to change based on any mandatory negotiations with the US Department of Labor and/or the New Jersey Department of Labor and Workforce Development subsequent to the release of this Request for Proposals.

Youth service providers will need to meet or exceed the WIOA Youth Performance Targets as detailed in the *Out-of-School Youth Minimum Performance Requirements and Benchmark Payments* section, and required by the CCWDB and the County of Camden.

ASSESSMENT REQUIREMENTS

Most nationally recognized assessments for Adult Basic Education (ABE) are available at <https://nrswb.org/training-ta/ta-tools/assessment/compare-assessments> for comparison. Providers may use any NRS-approved assessment listed as approved in the Federal Register, so long as the particular assessment is approved for the given purpose, and so long as the selected assessment is available in both computer/online and paper versions for those that require such

accommodation. Providers will be responsible for replacing any assessments that expire or lose their approval status during the term of this agreement. **The same tool must be utilized for pre and post-testing throughout the period of participation.**

REVISED PROCESS AND PROCEDURES

The Workforce Development Board has worked with the One-Stop to revise the contractual youth procedures, process, and forms. Youth service providers will be included in a monthly One-Stop report to the WDB based on verification of data in the One-Stop Operating System database provided by the youth vendors, based on eligibility determinations, barriers to employment, enrollment, benchmark attainment and vouchers submitted to the Camden County One-Stop. All documentation must be forwarded to One-Stop MIS within specified time frames.

SUMMER PROGRAM SERVICES

The Workforce Innovation and Opportunity Act does not authorize stand-alone summer programs and participation should be integrated into a comprehensive strategy for addressing each youth's employment and training needs. Performance indicators will be the same for youth participating in services conducted during the summer as for those in year-round activities.

PARTNERSHIPS

WIOA fully recognizes the need to develop local partnerships in order to provide youth the full menu of services they require. True partnership requires a clear understanding of what each party is contributing to the common activity or goal. As such, proposals should include documentation supporting the description of each partnership. If the partnership will include a subcontract, the partner and services to be subcontracted must be clearly identified. For proposals in which multiple organizations are providing the primary services, one of the agencies must be designated the lead and fiscal agent. Camden County will contract with the lead and fiscal agent. As such, the lead and fiscal agent will be held fully accountable for successful implementation of the project if awarded.

The framework established in WIOA also provides some insight on best practices as it was designed with them in mind. WIOA identifies fourteen program elements along four major themes that local areas must make available to local youth.

- Improving educational achievement
- Preparing for and succeeding in employment
- Supporting youth through adult mentoring, guidance and counseling
- Offering services intended to develop the potential of youth as citizens and leaders

WIOA moves the workforce development system away from short-term interventions by emphasizing the long-term development of youth through a systematic approach that offers a broad range of coordinated services. Programs should reflect an age appropriate continuum of services that plans for the needs of youth as they move through the workforce development system. In total, youth activities should provide a menu of services that may be provided in combination or alone at different stages of the youth's development.

Furthermore, the Contractor expressly understands and agrees that the provisions of this indemnification clause shall in no way limit the Contractor's obligations assumed in this agreement, nor shall they be construed to relieve the Contractor from any liability, nor preclude the Owner from taking any other actions available to it under any other provisions of this agreement or otherwise at law.
